

Mailinglists Login

Your web browser must be configured to accept **cookies** otherwise you will get an error during login.

All **ETH employees** and students should use [Sympa](#) with their **nethz account** via Shibboleth; see "Switch AAI".

ETH external users should choose the lower part of the login, i.e. *email address und password*. The email address figures as the account. During their **first login** ETH external users select the link «Erste Anmeldung» (First login?) on the left. In the following window the email address (= login) must be entered and the button «Neues Passwort beantragen» (Request first password) selected.
